You: can you recommend five machine learning books for beginners

Sure, here are five books that I would recommend for beginners to learn machine learning:

15:24

1. "Python Machine Learning" by Sebastian Raschka.

2. "Machine Learning Algorithms" by Giuseppe Bonaccorso.

3. "Data Science from Scratch: First Principles with Python" by Joel Grus.

4. "Machine Learning for Absolute Beginners: A Plain English Introduction" by Oliver Theobald.

5. "Introduction to Machine Learning with Python" by Andreas Müller and Sarah Guido.
